Kinderchicks - Pre-school & Kindergarten
10837 Collins Street
North Hollywood, CA 91601

Re: Reference

To whom it may concern;

Writing a letter of recommendation for Kinderchicks is the easy part. The hard part is putting into words how wonderful Mary and the staff at Kinderchicks really are.

My name is David Meininger and my daughter, Leah Meininger, has been attending Kinderchicks for the past two years.

As a parent, would highly recommend any parent to seriously consider Kinderchicks in their search for a fun, safe and educational place for their children.

We were lucky enough to find Mary and Kinderchicks when Leah was 2 years old. Each work day I would take her to school at 7:30am and pick her up at 5:00pm. She would come home with new songs, or just little things she had learned. Each week was something new. From the activities she did at school, I could see her developing right before my eyes. From the time she was first enrolled, I couldn't have envisioned a better place for her to be. Leah has developed friendships and always wakes up excited to go to school.

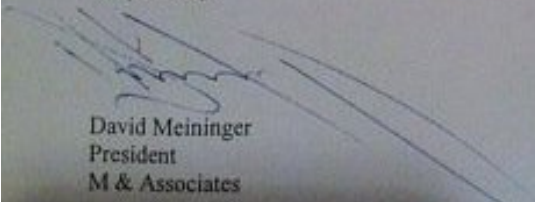

Leah will be five in July and since her time with Mary, Rosa and the staff at Kinderchicks, she developed her social skills, learned her alphabet, numbers, writing words and her name, was involved in musical programs and has homework each night that helps me get more involved.

I feel it's a parent's responsibility be involved with any child growth and development. Mary and the people at Kinderchicks understand this. She creates programs, studies and an environment that allow the parents to be part of that process. The best part is that Leah thinks it fun and loves Kinderchicks!

Have no doubt; this is where you want your child.

"MARY THANKS FOR BEING SO GREAT TO LEAH!"

Respectfully,

David Meininger
